

Brooks Memorial Hospital has always provided medically necessary care to all persons regardless of their ability to pay. In addition, as part of its ongoing mission to serve the residents of Northern Chautauqua County, Brooks Memorial Hospital has a **Financial Assistance Program** which offers free or subsidized hospital-based health services to low-income individuals without other forms of insurance coverage.

If your family income is less than 100% of the Federal Poverty Level (see FPL scale to right), and you have no health care coverage, you may be entitled to free care.

If you are eligible for Medicaid or Medicare, the hospital will ask you to apply for those programs and assist you with the application procedures.

If your family income is between 100% & 300% of the FPL, you can request a discount according to a health care services scale which may reduce your total health care charges. The hospital can take other resources into consideration when determining its sliding scale subsidy. If you make more than 100% of the poverty level, but you are unable to pay for health services, Brooks Memorial Hospital also offers a payment plan for such services.

Federal Poverty Level Scale

(published January 26, 2009)

Family Size	100% Federal Poverty Level
1	\$10,830
2	\$14,570
3	\$18,310
4	\$22,050
5	\$25,790
6	\$29,530
7	\$33,270
8	\$37,010

You can apply for the BMH Financial Assistance Program at any time, even if you have been receiving bills. Once you apply, the hospital will notify you within 30 days about its decision and the amount you will be required to pay for hospital services.

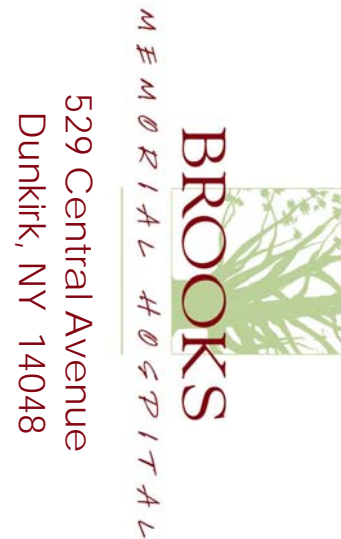

If you require medically necessary care at Brooks Memorial Hospital and you have no insurance and you are unable to pay, ask about the **Brooks Memorial Hospital Financial Assistance Program.**

For more information about this program, contact the BMH Collector at 363-7219.
