

BROOKS

MEMORIAL HOSPITAL

DIVERSITY STATEMENT

Brooks Memorial Hospital will foster a workplace environment that will respect, appreciate and value employee differences and similarities, making it an organizational strength in meeting our mission statement. Diversity offers a variety of views, approaches, experience and actions for use in strategic planning, problem solving and decision making.

It is our goal to provide and support a work culture that encourages diversity, facilitates understanding of perceptions, and builds a cohesive work environment. We are fully committed to providing opportunities for professional employee growth within the Hospital through ongoing recruitment strategies, educational opportunities, skill identification and enhancement, opportunities for promotional advancement, skill utilization regarding program and service development and ongoing evaluation of services and policies.

By providing and supporting a work culture that fosters and builds upon diversity and its strengths, Brooks Memorial Hospital will be able to better serve our patients and our community and continue to provide quality health care services.
